

TAKS/TAAS New Student Information

In Texas, a student must pass the Exit Level TAKS/TAAS, Texas Assessment of Knowledge and Skills, in order to graduate. This test is given the spring semester of the junior year and repeated until mastery is reached. To assure that we give you every appropriate opportunity to meet this requirement, freshman and sophomore level exams are also given in preparation. Please indicate your prior experience with TAKS.

_____ Last Name _____ First Name _____ Grade (Circle One)
